

**HAN THE CON** by Charlie Poet 2/14/19

Here goes another Hollywood hero down the tubes. Legendary Space Cowboy Harrison Ford or, Han the Con, has bitten the spiritual dust. He has a “green” heart now. Green as in pale, as in the pale horse of the apocalypse

Unlike other falling superstars, -ex Doors roadie Harrison Ford or “Harry” as they called him,

hasn't been caught drugging and raping women like Bill Cosby, or Harvey Weinstein.

Or doing whatever creepy, baphomet induced, pizzagate type things Kevin Spacey, Tom Hanks, Oprah, Meryl Streep, Jay-Z, Beyonce, or R-Kelly have been associated with. The list goes on, I know.

But he is, perhaps, doing something even more evil, if that's possible, by promoting a fear based, apocalyptic message about climate change <https://www.sheila.media/using-celebs-to-promulgate-green-deceptions-harrison-ford-delivers-a-pocalyptic-climate-warning-worldwide-destruction/> that, if believed and implemented, will simply enslave us, catastrophically further.

Han is vice chairman of the "charity" Conservation International <http://www.conservation.org/Pages/default.aspx> which purports to helping animals and the environment, but does it, or is it yet another elite con, Han? Do you really sex traffick children, perhaps? Wouldn't surprise us awake people, at all. It's sad we are living in days where, not only the government, media, and military cannot be trusted, at all, but our favorite Hollywood superheroes too.
