The Heavens declare the glory of God; and the firmament sheweth his handiwork.

THE TECHNOGEDDON DOES NOT WANT YOU TO KNOW GOD IS REAL.

The Technogeddon strikes again as Youtube bans Flat Earth and 9/11 videos.

Not only is Youtube demonetizing amazing Christian channels like Sheila Zilinsky Ministries for speaking about the truth of satanic Halal meats, and Tom Brady being married to a confessed witch; they are now banning perhaps the fastest growing Christian movement, or any movement, in the world.

SGTreport and it's over 500K Youtube subscribers goes in depth about Flat Earth and why Youtube has started setting algorithms to ban the videos.

The hour plus long video has amazing guests and video footage of exactly what it means to be a "Flat Earther," and why NASA and government cabals hide the true shape of the earth.

"NASA is theater." to quote Sean, the great host of the show.

The report rips apart NASA's ridiculous moon landings where astronauts supposedly rode dune buggies and played golf. It shreds Elon Musk and Tesla's "car in outer space," claim, and most importantly explains WHY they lie about earth's shape. To hide God!

NASA would like you to continue to believe they have been telling you the truth, about the moon landings, and the Mars rover.... and the dirt under your feet. Are they telling you the truth?

How much longer can NASA deny they are in ruins? Their decades old pile of "lies in the skies," just like Babylon, is falling. Watch this amazing video, now, before it's too late! ([Watch Here](#))
