[Marilyn Monroe](#)

Marilyn Monroe knew the [earth was flat](#), so did Adolf Hitler.

The nazis, with the help of inside traitors like Prescott Bush, covertly invaded the states after WWII in [operation paperclip](#), and started nasa.

The United States lost [WWII](#).

That's a hard pill to swallow, but it's a fact. Just because you don't know doesn't mean it's not true. Get over yourself...

...and don't get mad at me, I'm sorry they lied to us, it hurts, but they did.

The same murdering nazis control America now.

Do you understand? Be honest. Can't you tell? A lot of Americans can tell. Can't you feel it in your bones? Something is very wrong.

Nazis, communists, fascists, neo-cons, liberals, socialists, zionists, the “elite,” freemasons, jesuits, sound familiar? These people run our government and control our lives.

Heard of the CIA, FBI, ONI, NSA, IRS, DOJ, SES, FEMA, NASA, “the FED,” the “alphabet agencies?” There are more, too. They control us. They control the world. They live in our neighborhoods, our children are friends with their children, they pretend to like and care about us, BUT THEY DON'T.

THEY control our lives through force, fear, and lies.

THEY are also the bankers, firemen, police, doctors, teachers, lawyers, journalists, media, restaurateurs, pharmacists, librarians, etc. you see everyday. Not all of them, it's never all of them so don't go there, it's a lot of them. A LOT.

They lie to us about everything. FROM BIRTH. They lie about the shape of the earth, gravity, evolution, dinosaurs, outer space, jet fuel, “fossil fuels,” the moon landing, history, nuclear bombs, atoms, the list goes on and they are ALL LIES. ALL OF THEM, and so is “climate change...”

...or “global warming,” or whatever fear porn they are scaring us with this week like “sea level rising.”

We live inside God's self-cleaning oven. You heard me. Our flat, stationary, domed earth is a self-cleaning oven. Do the research! No amount of CO2 from cars, our breath, fires, or anything else is going to melt the ice at the north or south “pole.” It's all lies. Endless lies.

Thankfully, a new [article](#) by Alex Newman of [The New American](#) is out. Alex reports sea level expert [Nils-Axel Mörner](#), retired head of the paleogeophysics and geodynamics at Stockholm University, says The United Nations Intergovernmental Panel on Climate Change (UN IPCC), is flat out lying about sea level rise.

Please read the article. He resigned as member of UN IPCC to blow the whistle after they ignored him. He also expressed shock that the UN and governments would parade children around at UN climate summits. “What do they know? They are very nice, all of them, but they should be out playing, not talking at the United Nations,” he said, criticizing as “a little evil” that children would be used as propaganda props. “That is an insult to science.”

Amen, Nils-Axel Mörner. God bless you. Truth has arrived; all we have to do is pay attention. Trust the Bible. It teaches [flat earth](#). Praise God, Christians, and continue to SEE LEVEL.
